CSLA CAMPAIGN OF FELLOWS / 2016

Dear CSLA Fellow,

The CSLA College of Fellows reaches out to our membership every year in support of the Landscape Architecture Canada Foundation [LACF]. The annual fundraising Campaign of Fellows has been a primary activity of the College for the last 28 years and once again, we are actively seeking your support. As a respected CSLA Fellow and a leader of the profession, you are well positioned to recognize the importance of '*paying it forward*' and understand that a successful Foundation is essential to promoting the higher ideals of the profession.

LACF was established in 1988 by senior members of the CSLA, many of them Fellows, who saw an opportunity to establish a charitable organization that was distinct from the CSLA. LACF's primary purpose is to receive and disburse funds in support of research, communication and scholarship that uphold the core values of the profession. Today the Foundation is growing and healthy. 2016 has been a banner fundraising year for LACF with total donations received to date exceeding \$140,000.00. In the few remaining months of 2016, with your help, we can do even better, so let's keep the momentum going!

Fostering the very best research, scholarship and communication requires financial means and, this year, the focus of the COF campaign is scholarship. In 2016, for the first time ever, LACF presented an Andre Schwabenbauer Scholarship Award to a student of Landscape Architecture in each of the six accredited programs of Landscape Architecture in Canada. Over the next two years, LACF will continue to partner with components and interested groups to establish annual sustainable scholarships for each of these six programs across the country. Simultaneously, **LACF aims to expand and promote the Andre Schwabenbauer Scholarship Award as its leading significant national scholarship.** This will increase both its profile and the size of the financial award that can be offered to deserving scholars. An ambitious **fundraising target of \$200,000** by the end of 2018 has been set to fully endow the Schwabenbauer Fund which currently stands at \$60,000. Your anticipated contribution towards this fund is critical to achieving this goal.

We would like to challenge each of you to give generously this year. If every CSLA Fellow were to gift \$500 or more, the COF Campaign alone could potentially raise over \$100,000 towards this target. Every contribution, no matter what the amount, counts towards investing in the future of our profession. Please review the enclosed information including an LACF 2016 overview and COF donation form. You are invited to visit **lacf.ca** to learn more about how your donation dollars are being put to good use. Make your contribution online or by mail before December 31st to receive a tax receipt for 2016. Please accept the challenge to give generously and demonstrate your commitment to the fundamental ideals expressed through the profession of Landscape Architecture. **Thank you** in advance for your continued support!
